

We have a team dedicated to group solutions.

Different groups have different needs, and this is why we provide two Group Solutions which differ mainly in the way the price is determined:

1. **GROUP PRICE:** Least expensive, more work for the group coordinator.
2. **INDIVIDUAL PRICE (roll call concierge):** people pay individually, group coordinator gets a special discount (from 50% to 100% off)

Group Price: for Families, Groups of Friends or Travel Agencies

Your Group Shared Excursions

BEST FOR: travel agents, or large families that wish to get the maximum discounts. **PROS:** overall least expensive option for the group as a whole.

CONS:

group leader has more work (coordinates the whole effort for the rest of the group) and responsibility (takes care of payment and needs to collect from the rest of the group).

Advantages:

- We create a private custom web page for your group where everyone can find full details. [See sample here >>](#)
- You control the schedule and the itinerary

- **NOTE:** it is possible to prepay everything before travel time. In that case one person will make a payment for the whole group. The price is slightly higher as there is a 5% payment processing fee applied.
